Russell Glenn is listed In Memoriam on your website. I ran across the posting a few days ago searching for his obituary. Russell, or Skip, was my cousin. Although my family lived near Dayton, Ohio, Skip and I were quite close, even attending camp together at Camp Stonycroft (I think). Today I am

writing simply wondering who posted his memorial. I remember meeting only one of his friends who lived a few doors down on Ottawa Drive. Thank You.

Hi Richard, thank you for updating us on the Glenn family. Well, a lot of Okemos connection people are reading the website and this morning (I have breakfast on Wed. with some guys from Okemos), Dave Premoe (class of 1965) asked me about Russell. He said he remembers it well, he was an "honorary pallbearer" for Russell's funeral! He wasn't sure if they were in the same cub scout troop, but all the cub scouts in the area attended. Very shocking experience at that age, I can certainly understand that the family was devastated.

I thought I would list you as a "guest" on the website okemosalumni.org. If you sign in, you can make and view messages or memories on Russell's memory page...would you like me to do that?
